

Immunization Requirements for 5th and 6th Graders

Doses	Vaccination	Requirements
5 or 4 doses	DPT/DTaP/DT/Td	(with 1 dose on or after the 4th birthday) For students age 7 and older 3 doses meets requirements if one dose received after 4th birthday.
4 doses	Polio	(only 3 doses if one dose was given after the 4th birthday, 6 months between last 2 doses)
2 doses	MMR	(received on or after the 1st birthday, given same time as Varicella or 1 month later) See note.
3 doses	Hepatitis B	For students ages 11-15 years, 2 doses meet the requirement if adult hepatitis B vaccine (Recombivax) was received. Dosage and type of vaccine must be clearly documented. Two (2) 10 mcg/1.0 ml doses of Recombivax. If Recombivax is not the vaccine received, a 3-dose series is required.
2 doses	Hepatitis A	The 1st dose of hepatitis A must be received on or after the 1st birthday.
2 doses	Varicella*	(unless history of disease, must have 3 months between doses) Only 1 dose required. *Varicella Immunization is not required if the student has had the disease (chicken pox). Parents, guardians, school nurses and physicians may document history of illness.
